OUR SPACES....

THE ROOFTOP

The roof top is our latest addition which is flexible, contemporary and chic. An abundance of daylight and green inside and out with adequate heating and coverage and 2 large plasmas suitable for presentations or for that big game sporting event. A sonos sound system allows for the organiser to choose his/her own music playlist.

PRIVATE DINING ROOM

A long time favourite for those wanting to host a large group for dinner with an exclusive touch. Also great for families who have that extra loud noise factor as many of us can relate to. Order straight from the menu or discuss something pre-set.

THE GALLERY

A colonial inspired area where we've hosted many presentations, product launches and basic large group bookings. This area does form part of our regular restaurant but we are happy to discuss exclusivity for this area.
